Practice Based Coaching

Practice-Based Coaching: Collaborative Partnerships

Practice-Based Coaching (PBC) focuses on improving teachers' use of evidence-based practices to support children's progress toward school readiness goals. This is done through a collaborative partnership.

Shared Goals and Action Planning

- Assess needs
- Set goals for coaching
- Create an action plan to guide coaching
- Review and update goals and action plan throughout coaching partnership

Focused Observations

- Gather information through observations
- Record information about the observation
- Use support strategies to learn more about the practice or to improve or refine teaching practices (coach models or prompts)

Component 3: Reflecting on and Sharing Feedback

- Discuss and reflect on Observation and progress
- Share and consider feedback
- Use support strategies to learn more about the practice or to improve or refine teaching practices (problem solving conversations, creating materials, etc.)

PEG Assurances

Coaches will support PEG sites to comply with grant requirements.

These requirements can be found in the Preschool Expansion Grant Partnership Handbook
